**CATHY, GLOBAL TECH LEADER,
WORLD ECONOMIC FORUM
ADVISOR, AUTHOR & PROFESSOR**

**REINVENTION POINT: EXECUTIVE LEVEL
TRANSITION & CAREER EXPANSION**

"I highly recommend her for assisting both already executive level and senior leaders, but also those looking to more fully establish themselves on an executive promotion tracks.."

Cathy was in the middle of a career transition and was looking to building on her existing leadership skills and also think through how to apply them in new domains. Her collaboration with Reena enabled her to **achieve excellent results in a very short period of time.** In addition to her desired career transition she achieved a subsequent promotion to an Executive level position she strengthen her portfolio career. She is a force to reckon with and a role more for women in tech and engineering leading they way by being more of who they are, with skill and self mastery.

"What I particularly like about Reena's coaching style is her ability to get straight to the point which opens new doors to challenges that I might be unable to discuss with others or see clearly."

DARREL, CEO, FOUNDER TECH

**REINVENTION POINT: BUSINESS
DIRECTION & PURPOSE CLARITY**

" I have grown as a leader since working with Reena, demonstrating tangible and significant improvements in the business and in the way I interact with clients partners and suppliers. "

Darrel approached Reena when he and his business were poised to transition. He was ready to super charge his life and career in a different direction, his business was poised to expand and grow. Reena did what she does best with CEOs - **Offer dual support to him and his team through CEO coaching, Team training and strategic HR insights.** All being necessary as when a leader raises their game, the team need to be equipped to shoulder more responsibilities and the organisation ready for transformation.

"She has also worked with our entire team, facilitating each member to recognise their strengths and focus on working to our strengths both at work, home and in our communities. I can genuinely recommend Reena as a great coach."

**RASHIDA, CEO & FOUNDER,
LAWYER, CO - FOUNDER
BLACK FOUNDERS CLUB**

REINVENTION POINT: PRE-START UP

"The TLA experience equipped me with the tools not only to successfully make the challenging transition from corporate life to launching a new business, but to do so in a way that capitalised on my strengths and is in tune with my values.."

Rashida was the first client who found me via Google Search and our chemistry session sealed the deal for her undertaking the full suite of the Leadership Accelerator Programme with focus on effective transition and personal growth. Three years later she has a flourishing international business, she is a recognised speaker/mentor and is Co-founder to Black Founders Club.

"Reena is an incredibly talented, natural coach. She has a great ability to take your sometimes confusing thoughts and repackage them in a way that brings a new sense of clarity from which solid decisions can be made. "

CATHERINE, ENTREPRENEUR, DIVERSITY SPECIALIST

**REINVENTION POINT
BUSINESS & PERSONAL GROWTH**

"As a coach myself I knew the value of this hour, yet it surpassed my expectations. "

Catherine joined a 6 week acceleration programme Reena co-founded to focus on her development and business growth during lockdown. On completion she won an On-Demand 1:1 Strategy session with Reena. With intuitive precision on her blind spots, 12 month visioning and challenger reframes, Reena helped her clarify key milestones, goals and enablers to achieve her 12 month plan.

"She kept the focus on me and my needs, didn't let me off the hook for those difficult questions and understanding my blockers and used great insight and effective questions to direct different perspectives.."

URVASHI, CORPORATE HR DIRECTOR

**REINVENTION POINT: VOLUNTARY
REDUNDANCY & LIFE CHOICES**

"She generously gives all she knows and clearly thrives on making a difference"

After a glorious stint as top HR executive working with companies like Morgan Stanley and The Crown, Urvashi redundancy - a pivot point that is common today. She worked with Reena on a 6 month Leadership Acceleration programme processing the transition, self reflection, future choices and a plan that would align to her passion, vocational skills and purpose.

"Her ability to understand and inspire was unlike any I have seen before and make a big impact in my ability to make the shift that I dreamed of and could sustain."

LAURA, SENIOR LEADER DIGITAL STRATEGIST

**REINVENTION POINT: CAREER
DIRECTION & PURPOSE CLARITY**

"I worked with Reena recently and to put it mildly it was a pivotal moment in my career."

With massive talent, a fan following and a passion to make a difference Laura was experiencing career downward spiral- the roles she was getting were not aligned to her passion or temperament. Something was holding her back from being her best version. She undertook a 6 month 1:1 Acceleration programme and experienced massive acceleration in **establishing higher levels of confidence, skills and clarity**. She understood her blind spots, discovered how to fine tune her skills, reframed her limiting beliefs and walked away with complete clarity of her true purpose.

"She kept the focus on me and my needs, didn't let me off the hook for those difficult questions and understanding my blockers and used great insight and effective questions to direct different perspectives.."

A selection of themes and words that are shared about Reena in her workshop/ speaking engagements

Rina Goldenberg Lynch
CEO, Voice at the Table

I had the pleasure of hosting Reena to introduce her book to our network of professional women. Not only is Reena an eloquent and engaging speaker, she succeeded to convey so well the highlights of her book that copies were flying off the shelf soon after. The book is full of practical insights and guidance and should be on everyone's must-read list of business books..

Geraldine Gallahager
MD, The Executive Coaching Consultancy

I collaborated with Reena to co- write a chapter in her book The Brilliance Quotient. Reena is an excellent writer and coach -she was effectively coaching me through my first experience of writing anything longer than an article. I thoroughly enjoyed exploring the topic of #purposeful leadership.
